Volume 1, April 2020**

You're on the Right Track...With Atlas®!

April 15, 2020

Dear Atlas Distributors, Dealers and Consumers,

We hope you and your families are feeling well and doing your best to stay healthy and active in these demanding times. Atlas customer service, research and development, sales and order processing currently remains open during this time through remote work at home solutions. In addition, warehouse staff, practicing intermittent scheduling and social distancing, continue to fill a growing pile of daily orders. Please be patient with us as we attempt to answer all your inquiries and fill your orders.

Welcome to Volume 1 of the Atlas Model Railroad Company 'Rock'n and Stock'n In-House Inventory. This catalog represents all currently available Atlas locomotives, rolling stock, track, structures and accessories that Atlas has in-stock as of early April. It is presented to inform key buyers (distributors, dealers and consumers) of products that Atlas is offering for purchase now. In addition, Atlas will continue to update the catalog with sequential volume numbers on a regular basis to reflect both pieces sold, as well as newly arrived stock.

This publication is being sent to Atlas Authorized Distributors and Dealers as a digital PDF version that allows consumers, as well as dealers and distributors, to click through and review products on-line by scale and category preference from the table of contents page. Please refer to the hyperlinks located on the table of contents page. You can also use the 'Search' function on the Atlas website to locate an item. Simply type in the complete item number or keyword description, press enter and relevant results will display in a list. Note, orders will be filled and shipped on a first come, first served basis in two weeks.

Atlas remains committed to serving the model railroad public in any way we can, especially during this difficult time. Please let us know how we may be of service to you.

Stay well and enjoy your hobby.

Sincerely,
Joe Kolnoski
Vice President, Sales

Atlas Sales Officers and Representatives:
