11 443

11 443

11 443 H0 Industrialist villa

Our Fabrik August Hagen AG factory building kit system has done well over the years. The family was able to afford a large villa.

It's a very attractive edifice. The plain tile roof with tower, various bays and dormers is very interesting indeed. Other embellishments include the half-timber gable, balcony and a large terrace. The cellar entrance can also be attached, if desired. The balcony and staircases are made of sturdy paperboard with Lasercut technology. For the best results, please look over our construction tips at www.auhagen.de.

This striking structure could also house a private medical clinic or an attorney's office, a hotel or even the town administration.

Available from 09/2015
RRP 59.90 EUR

310 x 190 x 230 mm

42 656

42 656 H0/TT Kerbs with gutter

It doesn't get any more realistic than this!

9 straight kerbs and 3 different curves each with matching gutters, 3 lowered kerbs each 37 mm, 6 manhole covers Ø 10 mm, 6 gully covers, and 6 covers for underground hydrants or sluice valves.

To design the pavement, use our straight cobblestone sheet (item no. 52 236), cobblestone sheet (item no 42 576) and concrete sheet (item no. 41 206).

Total length of straight pieces 828 mm.

Available from 09/2015
RRP 14.90 EUR

41 639

41 639 H0 Market accoutrements

The contents of this item are extremely varied.

3 each of two different wastepaper baskets, 3 each of six different planters

6 rubbish bins

3 benches

3 grit chests

3 billboards

10 small bollards

6 large bollards

Available from 09/2015
RRP 14.90 EUR

New Items 2015

11 442

For people with their own ideas.
4 pieces

Available from 06/2015

RRP 12.90 EUR

Each 72 x 25 x 79 mm

11 445 H0 Coaling

This coal loading crane, which was built in 1912, represents a major advance in loading locomotives with coal. The prototype is located in the Saxon town of Chemnitz, Germany. The crane swivels and comes ready for custom servo installation.

Includes coal bunker and 3 tubs. The stairs and platforms are made of sturdy paperboard with Lasercut technology.

When using track with built-in track-bed, compensate for the extra height with the base.

Authentic historical model

Available from 09/2015

RRP 32.90 EUR

200 x 90 x 80 mm

**11 444 H0
Fitter's shop**

Another base model for our modular system. The interior walls, which separate the hall and administration with a gallery, are included with the building. It really comes to life with comprehensive equipment, like a small steam hammer with pipework, 3 workbenches, 4 transport frames, 8 stands, 2 gas bottles and much more. The building is also fascinating from the outside with the steam boiler, stainless steel smokestack, and addition.

**Available from 06/2015
RRP 49.90 EUR**

Open Door Day 2015

After five years, the time has once again come!

We invite you to visit us on

5-6 September 2015

from 9 am to 5 pm to take a look behind the scenes.

The **Erz Mountain train** will bring you to the **special train stop Auhagen** every hour.

Hagen von Ortloff, known from the SWR series "Romantic Railroads" will once again be present for autographs and to moderate our competition.

Of course, there will also be model train systems to admire. Kids can create crafts, and food stands will provide food and drink.

It's be a festival atmosphere not only in Hüttengrund, but also at the Marienberg marketplace. There you'll find the "wood market". But that's not all! The TT committee will be hosting a public convention in Marienberg on both days. You can reach all of the event locations by train!
