WE MAKE SOME OF OUR MODELS SHOW THEIR AGE...

This is another example of our love of detail. Now fans of raw realism can enjoy selected BRAWA models with natural-looking signs of ageing. However, they come in strictly limited editions, with each model individually distressed professionally by hand. The airbrushed rust and dirt look incredibly real – for even more satisfaction with a model railway „drawn from life“. We are launching our special edition with two wagons each in O, H0 and N gauges. More models are in the pipeline...
