HO Scale 55' Steel Coil Car
with Removable Coil Load

Steel Coil Cars are specialized freight cars designed for carrying rolls of sheet metal for industrial uses. Early examples first debuted in the 1960s, and today the cars are a common sight on freight trains across North America.

Bachmann's 55' Steel Coil Car features removable coil hoods with detailed cradles beneath and six "steel coil" loads, accurate paint schemes, metal wheels with RP25 contours, and body-mounted *E-Z Mate*® Mark II couplers.

BNSF #534005
Item No. 71401

CSX® #497582
Item No. 71402

NORFOLK SOUTHERN #612084
Item No. 71403

Bachmann is Headed to the Rocky Mountain Train Show!

We'll be at the Rocky Mountain Train Show this Saturday, April 1st, and Sunday, April 2nd. Stop by our booth to check out some of our latest samples in person, including products just announced in our 2023 Catalog, ask a question of our knowledgeable staff, or just say hi! The Rocky Mountain Train Show takes place at the National Western Complex in Denver, Colorado. See you there!
