Sam's Corner

This series is to help answer the many questions about Kadee® products and to provide "Helpful Hints" to modelers using our products. Sam the Answer Man will only be available after 1:00 p.m. PST Mon-Thu to answer your Kadee® related questions.

Sam the Answer Man: #142 October 2018 "Holiday's & Kit Cars"

Here we are easing into the holiday season again, it seems to happen every year. It starts with Columbus Day on the 8th of October, Halloween, Thanksgiving, Christmas, then New Year's Day. Columbus Day we celebrate his discovery of the Americas, which wasn't the first and was a complete accident. Halloween began as an obscure religious celebration that somehow transition into Trick or Treat. Thanksgiving was a series of celebrations up and down the east coast to give thanks just for surviving. Of course Christmas is the celebration of Christ's birth and what he freely done for all mankind. New Years is to celebrate the beginning of a new year and ending the old year. I would highly recommend that all of us research and study these holidays a lot more to get a deeper and better understanding of their real meaning, especially Christmas. Unfortunately, there are too many people that think life is nothing but a big party that are only looking for reasons to keep them from facing reality. These are the ones that miss out on the joy of truly knowing and understanding the meaning of these holidays, which is actually pretty sad.

Many modelers do not know that we offer "kits" of most of our 40 and 50 foot PS-1 box cars. There are three 40 foot and six 50 foot kits with different door sizes and features depicting different types of body styles. The kits are all unpainted box car red and "do not include decals" leaving it up to the modeler to acquire the decals according to their desired railroad and paint schemes. The kits require "no glue" as our RTR cars do not have any glue on them either. Most of the parts are press in friction fit and others snap in or are hook type fittings. The chassis is already assembled with floor, under frames, trucks and couplers installed. Some parts are loose and a few require trimming off the sprue. The cars are relatively easy to assemble using the instructions, photos, and drawings.

We do not make kits for our hoppers or tank cars because of the complicated parts and assembly procedures.

We do still offer our logging car kits that seem to be more popular than ever. We've been selling these logging kits for a very long time and will continue to do so.

Along with our kits we do offer many of our detail parts as retail products like our brake (hand) wheels, doors, ladders, grab irons, and roof walks (running boards). There's a nice template made to help mount our side grab irons made by Pierre Oliver of Elgin Car Shops and Yarmouth Model Works and it works very nicely to locate the mounting holes for our side grab irons.

Don't forget about our new Morton and Gypsum 40 foot roof walks and our new series of HO3 trucks then our up coming pre 1950 40 foot PS-1 box cars are versions of the earlier designs of the 40 foot PS-1 box car series.

Please understand we rarely announce new products until they are ready to put on the market. This way we are not disappointing our customers if there are delays or problems with a new product. Since all of our products are made right here in our own factory we have immediate quality control without having to deal with communicating with an overseas manufacturer. This has been a Kadee family tradition that will never change.

Kadee® PRE-ORDER CARS

Tired of seeing “SOLD OUT” Then you need to use our Pre-Order Program

We will only be taking pre-orders for cars from the time of their announcement to 2 months prior to actual release.

After that, the cars will only be available on a first come basis.

Pre-orders will be a limited quantity produced and may sell out before we release.

We strongly suggest you pre-order cars ahead of time to ensure you receive them when they are released.

That way you will not miss out receiving any of our cars.

Keep checking your monthly flyer or our website for updates on pre-order cars.

We don't bill Pre-Orders until the day the order ships.

Pre-Orders for RTR Cars can be made two ways.
