Oggetto: [Scalescenesnews] ALL NEW Scalescenes Low Relief Shops on a Slope now available!

[T004 Low Relief Shops on a Slope](#) now available!
All eight facades for only £12.99!

A row of buildings on a slope in model form can be difficult to do well, but now Scalescenes has done all the hard work for you! This thoughtfully composed collection of eight unique facades can be built in any order, on any angle from level to 12°. To complete the scene why not also consider our [R013a Arched Retaining Wall](#) kit. The kit features:

- A wide selection of shop fronts
- Handy 'corner shop' to visually round off the row
- Authentic visually jumbled rooflines and chimneys
- 9 different shop interior options
- Side wall detail for alleyways
- Realistic grime and roof lichen weathering
- 4 different editable type your own name shop signs
- A wide selection of signs to suit all eras
- Fully illustrated instructions

Pre-cut ChrisInDen Models card base layers are available for this kit, [click here](#).

A couple more recent releases that perhaps you missed:

T038 Low Relief Creamery - only £3.99

Finally a destination for your milk wagons! The kit features:

- A selection of signs
- Realistic grimy windows
- Additional 'kit-bashing' elements to expand the structure.
- Fully illustrated instructions

T037 Low Relief Grain Silo - only £3.99

Great potential as a fiddle yard entry point, the kit features:

- A Silo that can be build to the left or right of the loader and elevator
- Realistic grimy windows
- Optional concrete hardstanding
- Fully illustrated instructions

Scalescenes Modellers Group

If you are on Facebook, have you considered joining the [Scalescenes Modellers Group](#)? We have over 8000 members sharing tips, advice and images of their Scalescenes modelling projects or asking other modellers questions. All skill levels, 'work in progress' images and scratch-built models are very welcome.

Thanks for your support

It has been a challenging couple of years for many of us, but it's wonderful to finally get Scalescenes back up and running and new designs underway!

Happy modelling...

John
