ON THE COVER

You won't find them on the point of fast freights or speeding effortlessly through town with a shiny streamliner. But some of the hardest working engines on any railroad are the shop switchers. These mighty mites toil day in and day out seldom venturing beyond the shop complex and roundhouses, spotting cars and locos for repairs. For many railroads and industries, Plymouth ML-8 switchers provided plenty of power wherever and whenever it was needed. Adding them to your HO operations is easy with the new Walther'sMainline models arriving this month. Choose from six colorful schemes (including Union Pacific[†] as shown on the cover), available with a SoundTraxx® control-only DCC decoder with built in CurrentKeeper™ to keep rolling during brief power interruptions, and Standard DC versions. Add some colorful Walther'sMainline rolling stock and Cornerstone structures to complete the scene!

Serve up something new!

Mom smiles and asks, "So, where would you kids like to stop for lunch?" She knows our favorite and a chorus of happy "Culvers!" erupts from the back seats. Deciding where to go was easy – deciding what we want when we get there? Well... that *might* take a little longer!

Wisconsin's very own drive-in chain started serving its signature ButterBurgers®, frozen custard treats and more made-to-order favorites in 1984, and today you'll find Culver's in 24 states - with more coming soon!

This officially-licensed replica will be right at home on any busy HO Scale street, and makes a great showcase for a vehicle collection too! Molded in authentic colors and featuring factory-printed signs, turn to page 5 for complete details and additional photos of this all-new model.

A Note on Availability

At Walthers, we strive to provide you with the widest variety of product possible. In order to achieve this goal, we maintain significant inventory on site. Despite our best efforts to have every item you could possibly need in house at all times, it is not realistically possible to do so. For your convenience, we do our best to promote items that are in stock and to clearly label other items—those that are new and available for Advance Reservations or items that are low in stock and have Limited Quantities Available when the Flyer goes to press. At times, we experience a quick sell out on a particular item or unexpected demand for an item that we believed to have sufficient stock in house. In many cases, items can be back ordered for future delivery. In other cases, we are unable to secure more of a particular item. For the most up to date availability information, we encourage you to check walthers.com, email us at custserv@walthers.com or call our Customer Service Team at 1-800-4-TRAINS.

Please know that we appreciate your support of both Walthers and your Local Hobby Shop. We are committed to making this Flyer a valuable part of your model railroading.
