ON THE COVER

The sun may have gone down, but not the humidity! It promises to be the kind of night when you can hear the sweet corn growing, but tomorrow morning is when the real action begins. Long before sunup, the first trucks will roll in from the fields, lining up to drop off their loads for processing at the local cold storage facility. Not long after, the wayfreight will roll in with more insulated boxcars, and pick up the first loads of fresh corn headed for big city supermarkets.

Walk down the aisles of your local store and you'll find an incredible array of fresh foods, most of which began their journey from field to dinner table at cold storage facilities just like this one. The all-new Modern Cold Storage Warehouse kit is part of the Cornerstone Modern Industrial Park series and comes with parts for two detailed cooling towers, rooftop air handlers and much more. Read more on page 8 and be sure to visit walthers.com/mip for complete details on this new series of kits and accessories.

Build new business for your railroad!

It started slowly. One minute the corn grew tall and cows dozed in the shade, the next the surveyors and builders took over. First came the new subdivisions and shopping centers, followed soon after by the industrial parks. Today this bustling suburb is home to any number of major manufacturers and warehouses, and a favorite with local railfans because of the non-stop action.

Drive by any modern industrial area and you're sure to see all kinds of facilities that would look great on your layout. Now you can add them quickly and easily with the new Modern Industrial Park series of HO kits and accessories. Get started with the all-new "tip-up" Modern Concrete Warehouse and the Modern Cold Storage Warehouse, then expand operations with additional structure kits, railroad equipment, vehicles and other accessories from Walthers.

Start planning your project now. Turn to page 8 to see the complete series and visit walthers.com/mip for details.

A Note on Availability

At Walthers, we strive to provide you with the widest variety of product possible. In order to achieve this goal, we maintain significant inventory on site. Despite our best efforts to have every item you could possibly need in house at all times, it is not realistically possible to do so. For your convenience, we do our best to promote items that are in stock and to clearly label other items—those that are new and available for Advance Reservations or items that are low in stock and have Limited Quantities Available when the Flyer goes to press. At times, we experience a quick sell out on a particular item or unexpected demand for an item that we believed to have sufficient stock in house. In many cases, items can be back ordered for future delivery. In other cases, we are unable to secure more of a particular item. For the most up to date availability information, we encourage you to check walthers.com, email us at custserv@walthers.com or call our Customer Service Team at 1-800-4-TRAINS.

Please know that we appreciate your support of both Walthers and your Local Hobby Shop. We are committed to making this Flyer a valuable part of your model railroading.

Introducing the **WALTHERSPROTO**

SANTA FE 1954 EL CAPITAN

An all-new version of a legendary name train

Santa Fe's *El Capitan* was the first choice for travelers between Chicago and Los Angeles, reaching new levels of luxury as a conventional streamliner in 1954 when the first "Big Domes" arrived. Capturing the spirit of the 1954 *El Capitan*, our newest HO name train includes four new cars – six authentic models in all – that later served on other Santa Fe streamliners. New 300-Class F7s in full Warbonnet® colors will also be available for an authentic model from start to finish.

Santa Fe 300-Class F7 Diesels – Based on post-1953 engines #300-305

- September 2017 Delivery for all models
- Limited edition – one-time run of these configurations
- Detailed to match post-1953 cosmetic upgrades featuring:
 - Vertical "Farr" type etched stainless grilles

- Door-mounted headlight & Mars light
- 36" dynamic brake fan
- 2 single-chime air horns
- Plated metal & painted finish
- Complete scale fuel tank with skirting, hangers, battery box & underframe detail
