### ON THE COVER

The commuter train eases to a stop, you say your good nights to friends you see every day, and begin the short walk home. You make a quick stop at the corner grocery for bread and milk – and a little agonizing over last night's baseball game. Once you turn the corner, the happy sounds of the neighborhood kids fill the summer air and you know you're home. Big city or small town, local neighborhoods are the foundation of any community, and a must for your layout! Modeling them is easy with the many different home kits now available from Cornerstone, including the all-new American Bungalow in HO! Read more about this classic design for the first time on page 6 in this issue!

# Sure signs of spring!

The worst of the run is behind us at last. The dynamic brakes shut down, you let your train roll easily downgrade into the valley. The air in the cab warms noticeably passing through these lower elevations. Nature sure pulled out all the stops to create this perfect spring day, and you wonder if the fish are already biting in the river flowing smoothly alongside. But a quick glance over your shoulder, and those snowcapped peaks in the distance serve as a stern reminder just how slowly spring comes along this stretch of railroad. Scenery projects breath new life into any layout, and best of all, you can easily achieve great results in minutes with the many different supplies that are now available. Adding your favorite motive power and rolling stock is easy and affordable too with the fast-growing selection of WaltherMainline® equipment. Be sure to check out the Flyer Firsts for more great HO models like these, coming soon!

#### A Note on Availability

At Walthers, we strive to provide you with the widest variety of product possible. In order to achieve this goal, we maintain significant inventory on site. Despite our best efforts to have every item you could possibly need in house at all times, it is not realistically possible to do so. For your convenience, we do our best to promote items that are in stock and to clearly label other items—those that are new and available for Advance Reservations or items that are low in stock and have Limited Quantities Available when the Flyer goes to press. At times, we experience a quick sell out on a particular item or unexpected demand for an item that we believed to have sufficient stock in house. In many cases, items can be back ordered for future delivery. In other cases, we are unable to secure more of a particular item. For the most up to date availability information, we encourage you to check [walthers.com](http://walthers.com), email us at [custserv@walthers.com](mailto:custserv@walthers.com) or call our Customer Service Team at 1-800-4-TRAINS.

Please know that we appreciate your support of both Walthers and your Local Hobby Shop. We are committed to making this Flyer a valuable part of your model railroading.
