WELCOME

April showers bring more hours to work on your layout, and we've got great new products, modeling supplies and special prices on dozens of products to make your railroad grow this spring!

Favorites for heavy freight service from the 1980s on, the EMD SD50 returns to the WaltherMainline® roster of affordable HO motive power. Check out the complete selection, making their debut on page 4 in this issue!

Big and bold additions to your HO freight trains, the latest run of 50' Insulated Boxcars from WaltherMainline are nicely detailed and affordably priced! See the latest roadnames on page 5.

Some of our most requested models are coming to N Scale with the all-new Cornerstone® Modern Concrete Warehouse, and Heating, Ventilation, Air Conditioning (HVAC) Units kits. Turn to page 6 for your first look at these versatile new models!

Expand contemporary commuter operations with the HO Scale Modern Suburban Station and Suburban Station Platforms kits, coming soon from Cornerstone. Nicely detailed, check out all the features and photos on page 7.

Keep your city clean with Modern Trash Cans from SceneMaster™! A great addition to all kinds of businesses, parks and other public places, you'll find more information on page 5.

Celebrate Earth Day in a big way with SceneMaster Trees on your layout! Fully assembled and ready to use in HO and smaller scales, select sets are on sale now. See them all on pages 56 & 57.

Find our more about these new models at walthers.com, by calling us at 1-800-487-2467 or visit your participating hobby shop to reserve any new product in this issue.

Happy modeling!

ON THE COVER

From the beginning, EMD's GP series has been the stuff of legends. An ugly duckling in an era of pretty cab units, the combination of power, performance and price transformed them into one of the best selling diesels of all time. In 1959 the first GP9s with factory-built low hoods for improved visibility changed the playing field forever. As earlier high-hood units came due for overhauls, many owners opted to chop the nose themselves, and many are still going strong today! Completely new from the rails up, WaltherMainline GP9s are built to be the go-to diesels for your HO railroad. With a highly detailed body, the proven power of a Walther'sProto drive and an affordable price, they're a great value that will deliver years of operating enjoyment. On track for a March 2019 arrival, see page 15 for photos, features and more.

INNOVATION FOR TOMORROW - TODAY!

A mile-and-a-half or more from end to end, moving on schedules and speeds once reserved for only the most elite streamliners, today's intermodal trains are a real monument to the drive and determination of the folks who came before. Like anything new and different there were plenty of naysayers – at first – but once the idea of loading a trailer on a flatcar caught on, the trickle soon became a flood. Always a showcase for innovative ideas, keeping pace with the ever-changing needs of customers has seen everything from terminals to containers to the rail cars they ride on evolve and grow. From the early days to the present, Walther's has the models to capture all of the color and action of intermodal traffic for your HO layout, including the new Walther's Mainline® Thrall 5-Unit Rebuilt 40' Well Cars, SceneMaster™ Containers from 20 to 53' and much more.

A Note on Availability

At Walther's, we strive to provide you with the widest variety of product possible. In order to achieve this goal, we maintain significant inventory on site. Despite our best efforts to have every item in house at all times, it is not realistically possible to do so. For your convenience, we do our best to promote items that are in stock and to clearly label other items—those that are new and available for Advance Reservations or items that are low in stock and have Limited Quantities Available when the Flyer goes to press. At times, we experience a quick sell out on a particular item or unexpected demand for an item that we believed to have sufficient stock in house. In many cases, items can be back ordered for future delivery. In other cases, we are unable to secure more of a particular item. For the most up to date availability information, we encourage you to check walthers.com, email us at custserv@walthers.com or call our Customer Service Team at 1-800-4-TRAINS.

Please know that we appreciate your support of both Walther's and your Local Hobby Shop. We are committed to making this Flyer a valuable part of your model railroading.
