**SALE ENDS

Dear friends,

Did you hear that? Sure sounded like a whistle echoing through the winter darkness. Quiet as a mouse, you slip out of bed onto the cold floor and tiptoe to your bedroom window. Holding your warm hand to the glass to melt away the frost for a better view of the tracks down the block, you see... nothing? Were you dreaming? No...! There it is again, but it sounds like it's... is it? Is it... downstairs...?

Christmas magic still arrives by train each year in countless living rooms all over the world. For some, it begins as they set up their cherished childhood set. For others, it's the excitement of watching someone special open that big box and begin their own journey to a lifetime of hobby fun.

With thousands of products to choose from, finding the perfect gift for model railroaders young and old is actually easy! Our Holiday Gift Guide beginning on page 4 is packed with great ideas to get started. Your favorite modeler can easily put together and share his or her Walthers Wishlist at walthers.com, or spend a day visiting your local hobby shop for hands-on holiday help!

Remember, long after the tree is down and the ornaments safely tucked away for another year, we'll have everything you need to dream big, and build small for your own railroad in the weeks ahead! From our house to yours, a merry Christmas and a happy, safe and healthy 2020!

In the Grip of Winter

Airlines might be grounded and highways closed, but railroads keep on going! Bundled up in his sturdy wool coat and signature Kromer cap, the head brakeman trudges through the drifts to the siding switch. After a couple of quick passes with the old wire broom to clear packed snow out of the points, he throws the switch and raises a gloved hand to signal "come ahead." One-by-one the cars follow the gleaming SD9 obediently if slowly, their journal boxes stiff after sitting for some time in the below zero air. Heating up your winter projects is easy with models like the latest WaltherProto® SD9 pulling a string of WaltherMainline® freight cars that includes shorter height 40' equipment from the prewar years, and later postwar cars.

On the Cover

Snowflakes and excitement fill the air as kids - and kids at heart - get ready to greet Santa Claus himself! That jolly old elf sure knows how to travel in style too by golly, as he meets his many fans that live along the line inside a restored passenger car. Santa Specials and Holiday Trains have long been a tradition on many prototype railroads, with generations of families sharing the fun at trackside. Of course model trains play a big part in holiday celebrations too, and festive scenes like this are easy to add to seasonal or year 'round railroads! Walther's kits like the Cornerstone Modern Suburban Station, WaltherMainline passenger cars and SceneMaster figures are a great starting point, and you'll find plenty of ideas for your favorite scales at your local dealer or online at walther's.com.

A Note on Availability

At Walther's, we strive to provide you with the widest variety of product possible. In order to achieve this goal, we maintain significant inventory on site. Despite our best efforts to have every item in house at all times, it is not realistically possible to do so. For your convenience, we do our best to promote items that are in stock and to clearly label other items—those that are new and available for Advance Reservations or items that are low in stock and have Limited Quantities Available when the Flyer goes to press. At times, we experience a quick sell out on a particular item or unexpected demand for an item that we believed to have sufficient stock in house. In many cases, items can be back ordered for future delivery. In other cases, we are unable to secure more of a particular item. For the most up to date availability information, we encourage you to check walther's.com, email us at custserv@walther's.com or call our Customer Service Team at 1-800-4-TRAINS.

Please know that we appreciate your support of both Walther's and your Local Hobby Shop. We are committed to making this Flyer a valuable part of your model railroading.
