## ON THE COVER

In many communities, Main Street owed its very existence to the main line! Early on, railroads put many smaller towns on the map, routing their tracks in the very heart of town. Expanding state and federal highways brought new and different development in later years from gas stations to restaurants of all kinds to motels. Today, you'll still find similar facilities along city streets and Walther's makes them easy to model in HO with the all-new Cornerstone Motor Hotel Series kits on pages 6 & 7! The Vintage Motor Hotel with Office & Restaurant brings you three complete structures in a single kit. It's easily expanded with the matching Vintage Motor Hotel, or feed hungry motorists in style with the Vintage Roadside Restaurant. Be sure to check out the selection of colorful period motive power including new EMD GP9 Phase II w/Chopped Nose Diesels on page 5, along with colorful freight cars from WaltherMainline.

# CHECK OUT TIME!

Got to admit, after a day on the road in the dust, heat and humidity, those billboards for hotels are starting to look mighty promising! A few more hours, a few more miles, and finally around the bend a glittering oasis of neon welcomes you to a restful night, complete with color TV, air conditioning and in-room phones! After a hot meal just like Mom used to make at the diner next door, you'll drift off to sleep and awake ready for another day on the road. If you hit the highways in the 1950s and 60s for business or fun, these classic roadside motels are forever a part of your memories! An icon in cities of every size, many are still renting rooms or have been converted into apartments. Modeling them is easy with the all-new HO Cornerstone® Motor Hotel Series kits featured on pages 6 & 7.

## A Note on Availability

At Walther's, we strive to provide you with the widest variety of product possible. In order to achieve this goal, we maintain significant inventory on site. Despite our best efforts to have every item in house at all times, it is not realistically possible to do so. For your convenience, we do our best to promote items that are in stock and to clearly label other items—those that are new and available for Advance Reservations or items that are low in stock and have Limited Quantities Available when the Flyer goes to press. At times, we experience a quick sell out on a particular item or unexpected demand for an item that we believed to have sufficient stock in house. In many cases, items can be back ordered for future delivery. In other cases, we are unable to secure more of a particular item. For the most up to date availability information, we encourage you to check [walthers.com](http://walthers.com), email us at [custserv@walthers.com](mailto:custserv@walthers.com) or call our Customer Service Team at 1-800-4-TRAINS.

Please know that we appreciate your support of both Walther's and your Local Hobby Shop. We are committed to making this Flyer a valuable part of your model railroading.
